NOTIFICATIONS.

Fort St. George, April 4, 1922.

No. 191.—The following resolution of the Government of India is republished :—

HOME DEPARTMENT.

POLITICAL.

Delhi, the 19th December 1914.

No. 2931-2944.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, *No.* 2931-2942, dated the 8th December 1910, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged, before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in

addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted.

Form of Certificate of Identity.

1. Name of applicant*_____
2. Father's name and caste_____
3. Residence_____
4. Age of applicant_____
5. Nationality of applicant*_____
6. Social or pecuniary status of father (or guardian)_____
7. Date of probable departure of applicant from India_____
8. Object of applicant's visit to England (Europe)_____

Signature of District officer (in a Presidency Town, the Commissioner of Police or Political Officer, or head of school or college.) †

*Dated*_____

* I.e., whether a British subject by birth or by naturalization (in a subject of a Native State).

† Countersignature of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

Note.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to ensure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the holder is a fit and proper person to receive a passport.

Fort St. George, March 27, 1922.

No. 182.—In supersession of notification No. 95, dated the 12th January 1922 published on page 80 of Part I of the *Fort St. George Gazette*, dated the 17th January 1922, it is hereby published for general information that the Madras Motor Cab Rules, 1921, shall come into force from the 1st June 1922.

Fort St. George, March 28, 1922.

No. 183.—In partial modification of notification No. 295, Home Department (Judicial), dated the 22nd March 1920, published on page 428 of Part I of the *Fort St. George Gazette*, dated the 23rd March 1920, the Governor in Council directs under section 5 of the Madras Civil Courts Act, 1873, that the Court of the Subordinate Judge constituted under that notification shall hold its sittings at Narasapur with effect from the 1st July 1922 and shall be styled "the Court of Subordinate Judge of Narasapur".

SECTION I

GENERAL AND LANDHOLDERS' CONSTITUENCIES

1. These regulations shall apply to the general and landholders' constituencies.

2. The officers described in column 2 of the schedule to these regulations are hereby declared to be Returning Officers for the constituency entered against each.

3. (1) Not less than thirty days before the date fixed by the Government for the holding of an election, the Returning Officer shall prepare and post on the notice-board of his office a notice stating—

(*a*) the number of persons to be elected;

(*b*) the constituencies for which they are to be elected;

(*f*) the day on which, and the place and hour at which, the Returning Officer will commence the counting of the votes

Provided that any lesser period of notice than thirty days before the date fixed by the Government for the holding of an election may

be prescribed in cases where no candidate has in the first place been nominated.

(2) The Returning Officer shall forthwith send copies of the notice for insertion in the *Fort St. George Gazette* in the case of elections for the city of Madras and in the district gazette concerned including the village sheet for constituencies which do not include the city of Madras and in such newspapers as the Returning Officer may select. He shall also forthwith send copies of the notice to be posted within such constituency in the municipal offices and the offices of Collectors, divisional officers, tahsildars, deputy tahsildars and sub-magistrates concerned and in each rural polling area at the principal post office, or, if there is no post office, at the village chavadi.

(3) The Returning Officer may, for sufficient cause and with the previous consent of the Local Government, extend the period fixed for polling or postpone the time fixed for commencing the counting of the votes.

Nomination of candidates

4. (1) The nomination of every candidate shall be by means of a nomination paper in Form I. Printed copies of the form may be obtained from any District Collector, from the Commissioner, Corporation of Madras, or from the Returning Officer of the constituency for which the nomination is intended. Nominations may, however, be made on manuscript copies of Form I.

(2) Every nomination paper shall be subscribed by two electors of the constituency for which the nomination is intended as proposer and seconder and the candidate shall subscribe a declaration on it expressing his willingness to stand for election. On or before the day of nomination the candidate shall appoint himself or some other person as his election agent and give notice of such appointment to the Returning Officer in Form I-A.

(3) The same elector may subscribe as many nomination papers as there are vacancies to be filled. Each candidate shall be nominated by a separate nomination paper.

(4) Every nomination paper shall be handed by the proposer or seconder to the Returning Officer at the place and on the date and between the hours appointed by him. The Returning Officer shall satisfy himself that the name of the candidate as entered on the nomination paper is the same as that entered on the electoral roll and shall then sign it.

5. Nomination papers which are not received by the Returning Officer on the date and between the hours so appointed shall be rejected.

6. On the day appointed for the receipt of nomination papers, and immediately after the hour for their receipt is past, the Returning Officer shall make up a list in Form II of the nominations which appear to him *prima facie* to be valid and publish it on the notice-board at his office with a notice that the nomination papers will be taken up by him for scrutiny on the date fixed in regulation 3 (1) (*a*) at a place and hour to be specified by him.

Scrutiny of nomination papers

7. (1) On the date and at the time appointed for the scrutiny of nomination papers, every candidate and his proposer and seconder and election agent may attend at the place appointed, and the Returning Officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been received by him as aforesaid.

(2) The Returning Officer shall examine the nomination papers and shall decide all objections which may be made to any nomination paper on the ground that it is not valid as not complying with regulation 4 and may reject, either of his own motion or on such objection, any nomination paper on such ground; the decision of the Returning Officer shall, in every case, be endorsed by him on the nomination paper in respect of which such decision is given.

8. (*a*) After the scrutiny and the acceptance or rejection of nomination papers in the manner described in regulation 7 (2) are completed, the Returning Officer shall make up a final list of valid nominations in Form III and publish it on the notice-board of his office not less than ten days before the date fixed for the election.

(b) The final list shall also be published in the *Fort St. George Gazette* for the city of Madras and in the district gazette concerned including the village sheet for constituencies which do not include the city of Madras. Copies of the list shall forthwith be sent to be posted within each constituency in the municipal offices and the offices of Collectors, divisional officers, tahsildars, deputy tahsildars and sub-magistrates concerned and in each rural polling area at the principal post office or, if there is no post office, at the village chavadi.

(c) The final list shall describe the candidates as in their nomination papers and exhibit their names in alphabetical order.

9. (1) A candidate who has been nominated for election may withdraw his candidature by a written and signed communication delivered to the Returning Officer not later than 12 noon on the fifth day after the day on which the final list of valid nominations is published by the Returning Officer on the notice-board of his office.

(2) The Returning Officer shall forthwith notify any such withdrawal and shall remove from the ballot paper if already printed the name of the candidate who has withdrawn his candidature.

10. If a candidate who has been duly nominated for election dies before the poll has commenced the Returning Officer shall, upon being satisfied of the fact of such death, countermand notice of the poll, and all proceedings with reference to the election shall be commenced afresh in all respects as if a new election had to be held:

Provided that no fresh nomination shall be necessary in the case of a candidate who stood nominated at the time of the countermand of the poll.

11. (a) If, owing to there being more candidates than there are vacancies, a poll has to be taken, the Commissioner of the Corporation of Madras or the Collector of the district concerned shall appoint forthwith one or more Presiding Officers for each polling station. The Commissioner or the Collector may also, if necessary, appoint one or more officers to assist each Presiding Officer in identifying the voters.

(b) No elector shall be admitted to vote outside the polling area under which his name appears in the electoral roll. Where a polling area has more than one polling station the Returning Officer shall have power to distribute the electors among the polling stations and no person shall be entitled to vote at any polling station except the one allotted to him:

Provided that where an elector for any constituency is unable owing to his employment by the Returning Officer for that constituency for any purpose in connexion with the election, he may be authorised by the Returning Officer by a certificate in the following form to vote at any other polling station in the constituency:—

Form

Certified that —— ——entitled to vote at——————has been employed by me in connexion with the election and is prevented from voting at the said station and that I have therefore authorised him to vote at ——————

Signature of Returning Officer.

Voting

12. The Presiding Officers shall keep order at the station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time and shall exclude all other persons except their clerks, the candidates or any agent whom any candidate may have appointed in writing to appear in his stead at the polling station, the police on duty, and such persons as may be admitted for the purpose of identifying the electors.

13. The ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom without the box being opened. Just before the commencement of the poll the Presiding Officer shall show the ballot box empty to such persons as may be present at the polling station and shall then close it and place a seal upon it in such manner as to prevent its being opened without breaking such seal and place it in his view for the receipt of ballot papers and shall keep it so closed and sealed. Where the ballot box is provided with a key, the key shall also be placed under seal.

14. The Commissioner of the Corporation of Madras or the Collector of a district shall provide for each Presiding Officer such number of clerks as he may consider desirable and shall supply to him copies of the electoral roll for his polling area, ballot papers and boxes, a list of the nominations and such other papers, stationery and forms as may be necessary.

15. Every ballot paper shall be in Form IV and shall have the names of the candidates as they appear in the nomination papers arranged in alphabetical order. If there are two candidates whose names are the same, they shall be distinguished by the addition of their occupation or in some other way. Ballot papers shall be printed in such language or languages as the local Government may by an order direct.

16. (1) When a person presents himself to vote, but not afterwards, the Presiding Officer, or any clerk appointed by the Presiding Officer for the purpose may, of his own accord and shall, if so required by a candidate or his agent, put to the person either or both of the following questions:—

(*a*) Are you the person enrolled as follows (reading the whole entry from the roll)?

(*b*) Have you already voted at the present election for this constituency or any other general constituency?

(2) The vote of the person required to answer either of these questions shall not be allowed until he answers question (*a*) in the affirmative and question (*b*) in the negative.

(3) The Presiding Officer shall then enter the voter's name and number in the electoral roll on the counterfoil of Form IV. The voter shall then sign the counterfoil and, if he is unable to sign, he shall fix his thumb impression thereto; where owing to any physical defect the thumb impression cannot be taken, the Presiding Officer shall make a note to that effect on the counterfoil.

(4) If any doubt should arise as to the identity of the voter, the Presiding Officer may require that the counterfoil shall be attested by any person present who can identify the voter. If there is no such person present, the Presiding Officer shall note on the counterfoil the fact that the voter's identity has been questioned.

17. The Presiding Officer shall then initial the ballot paper—that is the outerfoil of Form IV—on its back, affix his initials against the voter's name in the electoral roll, detach the ballot paper from the counterfoil and give the voter the ballot paper. He shall also tell the voter how many votes may be given.

18. The voter on receiving the ballot paper shall forthwith proceed to the place set apart for the purpose and there mark a cross against the name of the candidate or candidates for whom he intends to vote. He shall then fold up the ballot paper so as to conceal his vote and put his ballot paper so folded into the ballot box.

19. Where at any polling station there is more than one constituency in which the number of voters registered to poll at that station is less than 25, separate ballot boxes need not be provided for each such constituency but a single box common to all such constituencies may be used. Where a common box is provided the voter shall, after folding the ballot paper, place it in an envelope which will be given to him by the Presiding Officer, close the envelope and hand it to the Presiding Officer who shall at once seal it and give it back to the voter to place in the common ballot box. At the close of the poll, the box shall be opened and the envelopes sorted and sent in sealed packets to the respective Returning Officers in the manner prescribed in regulations 24 and 25.

20. (1) If the voter is unable to read the ballot paper or to make a cross thereon, and applies for assistance in doing so, the Presiding Officer shall read it for him and if so required mark the ballot paper according to the directions of the voter and give it to him to be put into the ballot box.

(2) In the case of every voter whose ballot paper is marked in this manner by the Presiding Officer, a note shall be made on the corresponding counterfoil of Form IV by the Presiding Officer of the reason why it was so marked.

21. (1) Any ballot paper which is not duly marked or on which votes are given to more candidates than there are members to be elected or on which any mark is made by which the voters may afterwards be identified, shall be invalid.

(2) If more than one cross is placed against any candidate's name they shall count only as one vote in his favour provided that the voter has not placed crosses against more candidates than there are members to be elected.

(3) If the cross or any one of the crosses is so placed as to render it doubtful to which candidate such mark is intended to apply, the vote concerned, but not the whole ballot paper, in the cases where more than one vote can be given on the same ballot paper, shall be invalid provided again that the voter has not placed crosses against more candidates than there are members to be elected.

22. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper, after another person has voted as such elector, the applicant shall, after duly answering such questions as the Presiding Officer may ask, be entitled to mark the ballot paper in the same manner as any other voter. The ballot paper (called in these regulations as tendered ballot paper) shall be of a colour different from the other ballot papers. The signature or thumb impression of the voter concerned shall be taken on the counterfoil of the tendered ballot paper as under regulation 16 (3). The counterfoil shall not be detached from the counterfoil but the entire ballot paper shall be given to the voter who after marking a cross against the name of the candidate or candidates in the counterfoil shall, instead of putting it into the ballot box, return the entire ballot paper intact to the Presiding Officer who shall separately file these papers.

23. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot be conveniently used as a ballot paper may, on delivering it to the Presiding Officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, the latter together with its counterfoil being marked as cancelled.

24 The Presiding Officer of each polling station as soon as practicable after the close of the poll shall, in the presence of the candidates or their agents, make up into separate packets and seal with his own seal and the seal of such agents of the candidates as may desire to affix their seal—

(1) each ballot box in use at his station unopened other than the box in which the sealed envelopes are placed;

(2) the keys of such boxes where keys are provided;

(3) the envelopes containing the ballot papers;

(4) the unused and spoilt ballot papers, both ordinary and tendered, with their counterfoils and the unused and spoilt envelopes; and

(5) the tendered ballot papers, the marked copies of the electoral roll; and the counterfoils of ballot papers.

25. The packets shall forthwith be forwarded by the Presiding Officer to the Commissioner of the Corporation of Madras in the Madras city and to the divisional or taluk office as the Collector of the district may direct in the mulasal, accompanied by a statement in Form V which shall be prepared separately for each constituency. Each packet shall be numbered and shall bear a note as to its contents and the name of the polling station. Empty boxes need not be sent but should be handed over to the village headman or such other officer as the Collector of the district may direct. Where no vote has been recorded in any constituency, the Presiding Officer shall submit a nil report together with the statement in Form V. The Commissioner of the Corporation of Madras or the divisional or taluk officer, as the case may be, shall forward to the Returning Officer, immediately on receipt from all the polling stations in his district, division or taluk, the packets referred to as items 1, 2 and 3 in regulation 24 together with a statement in Form VI which shall be compiled from the statement in Form V and from the nil reports received from the Presiding Officers.

26. Every Presiding Officer, clerk and agent in attendance at a polling station shall maintain, and aid in maintaining, the secrecy of the voting in such station and shall not communicate, except for some purpose authorized by law, to any person any information as to the name or number on the electoral roll of any elector who has or has not applied for a ballot paper or voted at that station or as to how a particular elector has voted; and no such officer, clerk or agent and no person whatsoever shall interfere with or attempt to interfere with a voter when marking his vote. No person shall directly or indirectly induce any elector to display his ballot paper after he shall have marked the same so as to make known to any person the name of the candidate for whom he has so marked his vote.

27. On the day and at the hour appointed for the counting of votes the Returning Officer shall proceed as follows:—

(*a*) The ballot box or boxes relating to each polling station shall be opened one after another, the Returning Officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement in Form VII.

(*b*) The Returning Officer shall then mix together the whole of the ballot papers of all the ballot boxes and hand them out in convenient bundles to the persons employed as counters.

(*c*) The examination and counting of the votes will then commence. The Returning Officer shall on every ballot paper which is wholly or partially rejected endorse the word 'rejected'. If any candidate or agent present questions the correctness of his rejection order, he shall also record on the ballot paper the grounds of rejection briefly.

(*d*) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes; and shall during any necessary intervals, during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or their agents as may desire to affix them; and adequate precautions shall be taken for their custody.

28. After the Returning Officer has completed the scrutiny and counting he shall prepare a return of the results of the polling in Form VII and declare the election of the successful candidate or candidates as provided in rule 12 (7) and (8) of the Madras Electoral Rules.

29. Any candidate or his agent shall, on application, be permitted to take a copy or an extract from the return in Form V, VI or VII.

30. The packets forming items 4 and 5 in Regulation 24 shall be kept in the custody of the Commissioner of the Corporation of Madras in the City of Madras and of the Revenue Divisional Officer concerned in the mufussal.

31. Upon the completion of the counting and the declaration of the results the Returning Officer shall seal up in separate packets (1) the ballot papers all or some of the votes on which have been counted, and (2) the ballot papers all the votes on which have been rejected and shall mark on each packet the number of papers it contains. A note shall be made giving a description of the contents of each packet and the election to which it relates.

32. The Returning Officer shall, after declaring the result, forward a copy of the return in Form VII to the Secretary to Government in the Law (Legislative) Department who shall thereupon publish in the Gazette the name or names of the candidate or candidates elected.

Disposal of ballot papers

33. The Returning Officer shall retain in his custody the packets of ballot papers whether counted or rejected.

34. The packets of ballot papers and those referred to in Regulation 30 shall not be opened and their contents shall not be inspected or produced except under the orders of a competent court or of election commissioners. They shall be retained for a year and shall then, unless otherwise directed by the orders of a competent court or of election commissioners, be destroyed.

14. With the ballot papers, the Returning Officer shall send an envelope addressed to himself in Form IV, a smaller envelope with the number of the voting paper entered on its face and a letter in Form V. The Returning Officer shall have the number of the ballot paper entered at the left-hand bottom corner of the envelope in Form IV.

15. Each elector, upon receipt of his ballot papers, if he desires to vote in the election, shall first sign the declaration in the declaration paper and shall then record his vote on the voting paper by placing a mark in the form of a cross against the name of the candidate or candidates of his choice.

16. The elector shall then enclose the voting paper in the smaller envelope and stick it up and enclose the smaller envelope and the declaration paper in the larger envelope and send it by registered post to the Returning Officer so as to reach him not later than the day and the latest hour fixed for the poll in the notification published under regulation 3 above. Envelopes received after such day and hour shall be rejected:

Provided that, at his option, the elector may deposit the envelope in the ballot box which shall be provided at the office of the Returning Officer on the day and during the hours fixed for the poll.

17. If an elector is incapacitated, from blindness or other physical cause, from voting in the manner prescribed above, it shall be competent for him to record his vote by the hand of any of the officers or other persons empowered to attest his declaration; and such officer or other person shall, on the declaration paper, certify the incapacity and attest the fact of his having been requested by the elector to mark the voting paper for him, and of its having been so marked by him in the presence of the elector.

18. An elector who has not received his ballot papers sent by post or whose ballot papers, before their despatch back to the Returning Officer, have been inadvertently spoilt in such manner that they cannot be conveniently used as ballot papers, or who has lost his ballot papers may, on his transmitting to the Returning Officer a declaration to that effect signed by himself, require the Returning Officer to send him new ballot papers in place of those not received, spoilt or lost, and, if the ballot papers have been spoilt, the spoilt ballot papers shall be returned to the Returning Officer who shall cancel them on receipt. In every case when new ballot papers are issued, a mark shall be placed against the number of the elector's name in the roll to denote that new ballot papers have been issued in place of those not received, spoilt or lost.

19. No election shall be invalidated by reason that an elector has not received a voting paper provided that a voting paper has been issued to him in accordance with these regulations.

20. The scrutiny of the ballot papers shall then take place. The envelopes received from voters by the Returning Officer, except those rejected under Regulation 16, shall first be arranged serially according to the numbers entered on them and shall then be opened by the Returning Officer or in his presence. The Returning Officer shall first examine or cause to be examined whether the numbers on the declaration papers and the envelopes containing the voting papers are correct. If the Returning Officer is satisfied on this point and if the declaration and attestation are *prima facie* regular, he shall file the declaration papers each put the envelopes containing the connected voting papers in a separate heap.

21. Where the Returning Officer is not satisfied that a declaration paper is the one sent out by him to the voter concerned or where the declaration or attestation is not in order, he shall endorse the word 'rejected' on the back of the declaration paper and keep it with the connected voting paper in a separate bundle.

22. The envelopes containing the voting papers except those rejected under Regulation 21 shall then be opened, the papers examined, and the votes counted by the Returning Officer, or under his supervision.

23. (*a*) The Returning Officer shall endorse the word 'rejected' on every voting paper that he rejects and, where the rejection order is questioned by any candidate or agent, give brief reasons for his order. Rejected voting papers shall be kept separate.

(*b*) After the Returning Officer has completed the scrutiny and counting he shall record the votes secured by each of the candidates in Form VI and declare the election of the successful candidate or candidates as provided in rules 12 (7) and (8) of the Madras Electoral Rules.

24. (*a*) Upon the completion of the counting, the Returning Officer shall seal up in separate packets—

(1) the counted voting papers;

(*b*) He shall also prepare and certify a return in Form VII and permit any candidate or his agent to take a copy of this return or of the return in Form VI.

GOVERNMENT AGRICULTURAL MIDDLE SCHOOL, ANAKAPALLE.

An Agricultural Middle School will be opened at the Anakapalle Government Farm, Vizagapatam district, on or about the 15th May of 1922. Until the school buildings on the farm are completed the classes will be accommodated in the existing farm buildings and board and lodging for the pupils will be arranged for near by in the town. The course given at this school is intended for the sons of cultivators. The course is designed to instruct them in the reasons which underlie the ordinary agricultural practices so that they may understand what improvements are possible and how these can be introduced. The students will be given practical instruction in ordinary cultivation work in the wet and dry lands attached to the farm. They will also be shown the improvements made on the Anakapalle Government Farm. At the same time the boys will be instructed in reading, writing, arithmetic, geography, nature study, etc. It must be clearly understood that this course does not qualify for any appointment under Government. The course is not intended for those who wish to enter Government service or to take up any profession other than that of a cultivator. The course is intended for boys who will adhere to their ancestral occupation of agriculture and is designed to make them better cultivators than their ancestors were.

The boys will live at the school, after the buildings are ready for occupation. There will be three terms in a year, i.e., May 15th to August 31st, September 15th to December 22nd, January 22nd to March 31st.

The fee charged will be Rs. 15 per term or Rs. 45, for the year. This fee includes everything board and tuition. The full course will last two years. The times of vacation have been arranged so that the boys will be able to see how their own crops are growing at home and compare them with the crops they themselves grow at school. The school at present can admit only 20 boys. Those who want to send their sons or relations should apply to the Deputy Director of Agriculture, First Circle, Coconada. To be admitted to the school, boys should have passed the fifth standard of an elementary school or the corresponding class of a secondary school.

The cistern of the Barometer is twenty two feet above the level of the sea, and the receiver of the rain gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil day—from midnight to midnight.

The total quantity of rain collected since January 1st is 3·43 inches, the average due for the same period being 1·61 inches.
